NEW ZEALAND MILITARY FORCES.

DRESS REGULATIONS.

PART I.—GENERAL INSTRUCTIONS.

1. The orders of dress laid down in Tables A and B, Section 12, King's Regulations, will be taken as a guide as to the orders of dress to be worn on parade and on special occasions.

2. Officers attending levees, State balls, and ceremonies at which the Governor is present, and on the occasions mentioned in Tables A and B above, must wear the authorized full dress, excepting in the case of officers of the Territorial Forces who do not possess full dress; these officers will wear service dress, with drab overalls and wellington boots. “Sam Brown” belts, felt hats, and medals as for full dress. Officers dining at Government House will wear mess dress.

3. Full dress will not be worn by officers parading with their men, unless the latter are wearing full dress.

4. No deviation from authorized patterns of uniforms is permitted, and no new patterns of uniform, badges, or horse-furniture are to be introduced without the permission of the G.O.C.

NEW ZEALAND STAFF CORPS.

5. Officers of the Staff Corps will not wear Staff uniform or Staff distinctions unless appointed to the Headquarters Staff of the Dominion, or appointed as O.C. District, General Staff Officer on a District Staff, or A.A. and Q.M. G. on a District Staff. Staff uniform and Staff distinctions will be the same as those laid down in the Dress Regulations for the Regular Army.

OFFICERS OF THE TERRITORIAL FORCES.

6. The only obligatory uniform for officers of the Territorial Forces is service dress as authorized herein.

7. Medical officers will wear the uniform of the N.Z.M.C., whether on the Staff or not.

8. Veterinary officers will wear the uniform of the N.Z.V.C., whether on the Staff or not.

9. A blue-serge frock may be worn as an undress garment by officers and warrant officers of the Territorial Forces, with badges of rank and collar-badges in metal. This garment must not be worn when parading with troops. Its provision is optional. Officers of the Territorial Forces will not provide themselves with frock coats.

10. Uniform is not obligatory for chaplains except on active service, but a scarf, with the crown and monogram “N.Z.M.F.” in gold, may be worn.

11. Officers retiring with permission to wear uniform are entitled to wear the uniform of the unit or corps in which they last served.
12. Officers of the Reserve of Officers will wear the uniform of the unit in which they last served.

13. Officers on the Unattached List of the Territorial Forces, category (b), will wear the universal-pattern service dress, but without collar-badges.

14. Shoulder patterns of garments, laces, embroidery, badges of rank, special badges, devices, auxiliary, and appointments are deposited at General and District Headquarters for reference and guidance. Officers when providing themselves, or contractors when manufacturing uniform and equipment, in case of any doubt arising, should by personal inspection make sure that the articles being supplied are according to sealed pattern.

AUGUSTETTES.

15. The Staff augisette is the distinguishing mark of officers serving on the Staff at Headquarters and Headquarters of Districts, and it is to be worn by those officers when performing Staff duties. To be worn on the right shoulder by honorary A.D.C.s to the Governor, on the left shoulder by all others entitled to wear augisettes.

BADGES OF RANK.

17. Badges of rank will be worn on all shoulder-straps and shoulder-cords. The Territorial Forces will wear same on cuff of sleeve in service dress.

18. Regimental officers having brevet or honorary rank will wear the badge of their army or honorary rank.

19. Departmental officers having honorary rank wear the badges of that rank; and Departmental officers not having honorary rank, the badge of the combatant grade with which they rank.

20. The New Zealand Staff Corps will wear the form-leaf (with N.Z. on centre) as a collar-badge, and the crown-and-lion badge as a cap-badge (in gilt on blue, and bronze on khaki).

21. Special badges: No badges of a special character are allowed to be worn except those authorized by these regulations, and those specially approved by the G.O.C. and registered as a regimental badge. Collar-badges will be fixed with the centre of the badge 1 inch from it the opening of the collar of the tunic or coat. They will be the same size on all garments.

BELTS.

22. Universal pattern "Sam Browne." Worn by officers of all branches of the service.

The belts, complete, consist of a waist-belt, two shoulder-belts, a sword-frog, an ammunition-pouch and a pistol-case; the whole made up of brown bridle leather. The waist-belt is 2½ inches wide, and of a length to suit the wearer. It is fitted with a double-tenoned brass buckle, and has four brass eyes for the shoulder-belts (two at the back and one at each side), a running loop for the free end of the belt, two brass rings for attachment of the frog, and a hook for hooking it up. The waist-belt is lined with faced burl. The shoulder-belts are plain straps (crossed at the back through a loop); they are 1½ inches wide. The patterns are about 3½ inches long over all, without shape. The length, however, may vary to suit the wearer. They are fitted with stud for attachment to the dees at the back of the waist-belt. A chape, with studd and buckle, is provided for each for attachment to the dees at the sides of the belt. The strap over the shoulder must not be worn except when it is required to support the revolver. The frog is fitted with two straps which are to be passed through the dees on the lower part of the belt. The frog has a small brass clasp on the top to go over the hook on the belt when hooking up. A stud is fitted on the front of the frog to prevent which the tab of the scabbard-support is fastened; there is also a small strap for strapping the sword-hilt is attached to the rear dees for the frog, holes being made in the strap to pass over a stud on the belt above the front dees. The ammunition-pouches and pistol-case are fitted with loops on the back for attachment to the waist-belt; also with stud and tab fastenings. The loop on the pistol-case is furnished with a small brass hook, which should pass through a hole to be made for the purpose in the belt to suit the wearer, in order to secure the case and keep it in a firm position. The pattern pistol-case is to be regarded as typical only, as its dimensions must suit the particular pattern of pistol carried. The "furniture" should be of the best yellow brass.

BOOTS.

23. When mounted duty in full dress, butchers, and leggings of regimental pattern will be worn. The height will depend on the length of the leg; the boot should reach to about 2½ inches from the tip of the knee; the leg of the boot should be nailed sufficiently to prevent it sinking. A spur-strap is fixed 2 inches above the top edge of the heel to keep the spur horizontal. When wearing leggings a boot with toe-caps, stout and round-toed, of the Derby-Balmoral pattern, to be worn with overalls; the Wellington or plain ankle boot; with service dress the Derby-Balmoral pattern or the sealed pattern issued to the men, provided all officers in a unit are alike.

The collars to not be less than 2 inches in height. A white linen collar showing 1 inch to be worn with the blue-serge frock and the service jacket.

Cocked Hat.

26. Cocked hats will not be worn by officers of the N.Z. Staff.

DECORATIONS AND MEDALS.

They are to be worn in a horizontal line suspended from a single bar or buckle, which is not to be seen, or attached to the garment and placed immediately between the first and second buttons from the bottom of the collar. Worn in the order of the date of the campaign for which they have been conferred, the first obtained being placed farthest from the left shoulder. Medals awarded by the Royal Humane Society for bravery in saving life will, when authorized, be worn in a position corresponding with war medals on the right breast. When the medals or decorations cannot, on account of their number, be suspended from the bar so as to be fully seen, they are to overlap. Medals are to be worn so as to show the Sovereign's head. The first-earned clasp should be worn nearest the medal. Miniature decorations and medals are worn with mess dress on the lapel, and with evening dress (plain clothes) on state, public, and official occasions with miniature. With miniature medals the same-sized miniature of the order is worn—e.g., a Knight Grand Cross will wear a miniature the same as a Companion of the Order.
28. Ribbons of Decorations and Medals.—Full dress: The riband is not to exceed 1 in. in length unless the number of clasps require it to be longer. The first clasp to commence 1 in. from the top of the riband. The buckles attached to the ribands of the 3rd Class of the Order of the Bath, St. Michael and St. George, should show half-way between the upper and lower edge of the ribbon.

Undress: Ribands will be ½ in. in length, and will be sewn on the cloth of the coat or jacket or with khaki worn on a bar without intervals, in the same position as described for decorations and medals. They should not overlap, and where there is not sufficient room to wear the ribands in one row they should be worn in two or more rows, the lower being arranged directly under the upper at ½ in. distance.

* Recruits will not provide themselves with full dress until after they have passed probationary course.

The following articles are not to be issued: Leather leggings; field service cap; No. 2 blue undercoat; white breeches and cap.

In order that all ranks shall be put to as little expense as possible, it is to be understood that reasonable time will be given for wearing out the articles now obsolete, but those requiring new clothing will obtain it in accordance with the foregoing table.

PART IV.—NEW ZEALAND TERRITORIAL FORCES: OFFICERS.

54. Brigadiers will wear the uniform of their late unit, with badges according to rank.

Units wishing to adopt full dress must submit a pattern for approval of the General Officer Commanding, which, when finally approved, will be sealed and become the full dress of the unit concerned, and must be strictly adhered to.

It is recommended that full-dress uniforms of the Imperial Infantry of the line, with local regimental badges, should be adopted by the New Zealand Rifles. The Artillery, Engineers, Army Service Corps, and Medical Corps and Veterinary Corps should adopt similar to those Imperial units, with local badges. Mounted Rifle regiments should adopt a full-dress uniform similar to that now worn by those regiments which have one.

BLUE-SERGE FROCK.
